DETAILED ACTION

1. This communication is responsive to your amendment filed 3/15/06. Claims 1-45 are currently pending in this application.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-3, 8-9, 13, 26-28, 30-32, 37-38, 41 and 43-45 are rejected under 35 U.S.C. 102(b) as being anticipated by Ridler et al. P.N. 4,023,130 (Ridler).

Ridler discloses (see Fig. 3 and corresponding description) a permanent magnet assembly comprising a fixed permanent magnet body 11 having an opening formed therein and a movable permanent magnet body 10 disposed at least partially within the opening and movable relative to the fixed permanent magnet body. An actuator in the form of coil 12 acts to move the movable permanent magnet body 10.

Allowable Subject Matter

4. Claims 14-25 allowed.

5. Claims 4-7, 10-12, 29, 33-36, 39-40 and 42 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments filed 3/15/06 have been fully considered but they are not persuasive. Applicant's arguments are that the Ridler reference does not anticipate the claims, because in essence, there are not two permanent magnets present but only one permanent magnet and an electromagnet. The examiner is at a loss on why applicant completely ignores permanent magnet 11. There are in effect three magnets in Ridler, permanent magnet 10, permanent magnet 11 and electromagnet 12. Permanent magnet 11 and coil 12 are not an electromagnet combination. Permanent magnet 11 produces its own magnetic field without power and without the help of coil 12. Carefully ascertain the description on lines 28-49 of col. 2 of Ridler.

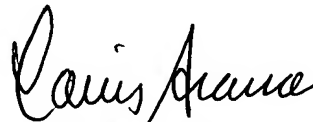

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
